5.95% P.A.

For the life of the balance transferred*

*Balance transfer terms and conditions apply. See overleaf for full details.

Applying for a balance transfer.

It's easy to transfer your hire purchase, store card, credit card or personal loan balance from another financial provider to a Westpac credit card. Simply complete your details on the opposite page, sign the form and return it to us at the **Freepost** address shown. If you have any questions, please call us on **0800 888 111**.

Transferring multiple balances.

You can apply to transfer multiple balances within Westpac One® online banking or call us on **0800 888 111**.

Things you need to know.

New purchases – to help pay down your balance transfer try to avoid making purchases or cash advances with your card as these will be at the standard interest rates (as outlined in your card's Conditions of Use) until they are paid in full. To qualify for interest free days on purchases, the full outstanding balance on your card, excluding the balance transferred, will need to be paid in full.

Repayments – payments you make to your card will first go to charges and interest accrued, then to cash advances and purchases, followed by balance transfers as they appear on your last statement. Payments will then be applied to transactions that have not yet appeared on a statement in the same order. You will pay less interest if you pay off more than the minimum repayment each month. Each month you need to make at least the minimum repayment.
